

FAR-INFRARED HEATING
MANUFACTURER
“Energy Efficient Heating”

GLASS TOWEL RAIL
HOLDERS

The Frameless Glass Towel Rail infrared panel is designed specifically for bathrooms and spa environments. Its high-gloss glass surface provides efficient radiant heat while the integrated towel rail keeps towels warm, dry, and fresh. This dual-purpose design enhances comfort and reduces moisture in the room.

The panel delivers consistent warmth that prevents condensation and improves overall bathroom comfort. The frameless glass finish adds a modern, luxurious touch, making it suitable for contemporary homes, hotels, and wellness facilities. The towel rail is engineered for strength and durability, ensuring long-term performance.

GLASS TOWEL RAIL HEATER

IP65 Waterproof

Fully protected against water jets, perfect for bathroom environments

2 Year Warranty

Complete peace of mind with comprehensive manufacturer warranty

250-450W Power

Optimal heating power for efficient towel drying and room warming

Quick Heat-Up

Rapid heating technology gets your towels warm in minutes

Safe 45°C Surface

Comfortable touch-safe surface temperature for family bathrooms

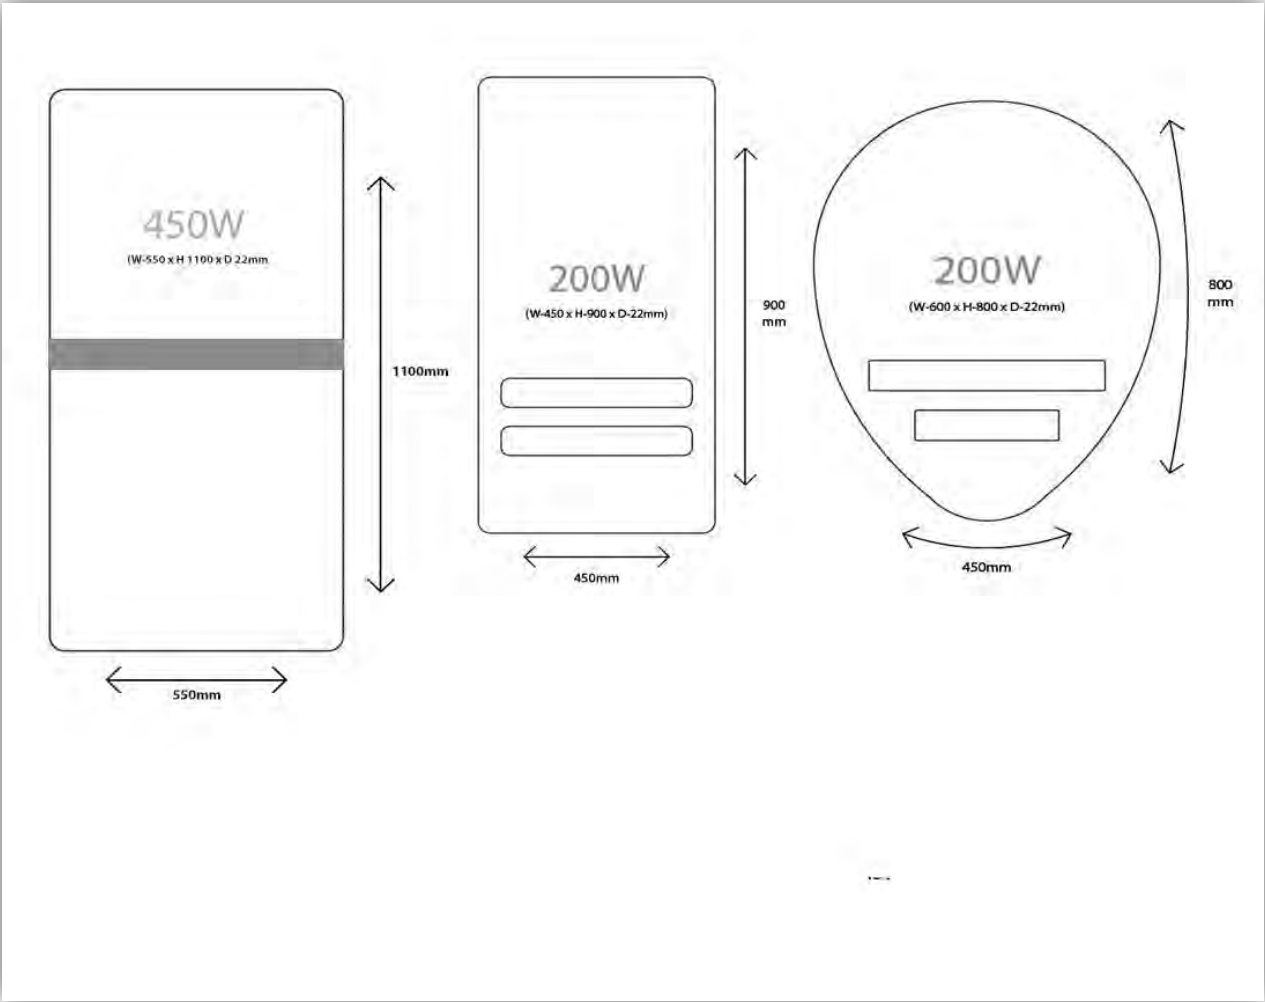

Energy Efficient

Far infrared technology provides efficient, eco-friendly heating
